

DOMEL

FUNDAMENTAL PRINCIPLES

The mission, vision, and values are our pillars for achieving sustainable development.

MISSION

Domel is a socially responsible company. As a global developmental supplier of state-of-the-art solutions for electric motor drives and components based on our own innovative technologies, we are able to ensure the growth and sustainable development of the Domel Group. In this way, we provide high-quality employment opportunities for the wider region.

VISION

We are a global development supplier of EC systems and components and maintain a leading position as a developer in the vacuum motors market.

VALUES

Creativity and ambitiousness
Responsibility and economy
Respect and cooperation
Care for customers and employees
Belonging
