

Product Safety and Conformity Representative - PSCR

According to the requirements of the automotive industry, product safety and conformity officers (PSB / PSCR) must be appointed for each production site within the supply chain. V skladu z zahtevami avtomobilske industrije je treba za vsako proizvodno lokacijo v dobavni verigi imenovati pooblaščenca za varnost in skladnost izdelkov (PSB / PSCR). (glejte zahteve VDA »Integriteta izdelka«).

We will automatically consider that general manager of your company is appointed as PSCR, in case that we do not receive a completed document in period of 3 months after our request was sent. V primeru, da v treh mesecih po prejemu naše zahteve od vas ne prejmemo izpolnjenega dokumenta bomo samodejno upoštevali, da je generalni direktor vašega podjetja imenovan za PSCR.

To be completed by the supplier / Izpolni dobavitelj:
